To  
**450**  
And Beyond

A plan for our future

# Introduction

Dear Members and Friends of the SVS Community,

It is such a pleasure to be able to introduce to you our new strategic plan, 'To 450 and Beyond'.

We are on the cusp of celebrating our 450th Anniversary and find ourselves at a fascinating and exciting point in our history. It is my hope, and I trust the hope of all the community, that this plan will enable us to thrive over the next few years. We are a wonderful blend of inspirational students, brilliant teachers, highly supportive parents and engaged alumni; together there is so much to look forward to and celebrate.

In this booklet you can read of our recalibrated vision, mission and ethos and then the headlines for our future. It is intended to be aspirational yet pragmatic and realistic especially given the significant challenges within the independent sector. That said I am highly optimistic about our future and I look forward to it all a great deal.

I look forward to keeping you all updated and hope to see your engagement as we move forward 'To 450 and Beyond'.

Floreat Suttona!

James Thomas, Headmaster

# Our Ethos

*A community where each cares for all and individuality is cherished.*

Our community structures are designed to create a caring environment that allows students to be fulfilled and challenged, but at the same time feel safe, supported and valued. This provides a platform from which students have the confidence to push themselves, to be curious and above all else to improve themselves as individuals whilst contributing to and benefitting the whole community.

Each student is valued as an individual with their own distinct sense of worth and potential. We strive to provide the foundations to allow each student's unique talents to grow, develop and ultimately flourish. Whether these abilities lie inside or outside the classrooms or indeed in an area connected to Sutton Valence School life, the community takes collective pride in recognising and celebrating them.

Our community systems emphasise the importance of responsibility, leadership, kindness and friendship amongst our students. It is founded on the principles of trust, reflection and openness. As such, we expect all our students to treat each other with respect, humanity and care. We all need to recognise that we are unique individuals and it is our differences that make us collectively stronger.

Great emphasis is therefore placed on the need to appreciate and celebrate the diversity of backgrounds, world views and attitudes expressed by those in our community.

At times, young people make mistakes and it is important they learn from them in a reflective manner so they can again contribute positively to the community.

Above all, our ethos should enable young people to grow into becoming responsible citizens with a genuine care for others and the world.
